The image will then

> spyglass. If we practice our method before the eclipse, draw our sun circle on the card, and mark the point of first, contact, we may be able to note the time of the be ginning of the eclipse within a few secnds. A string with a weight hung in front of the card and casting its shadow on the diameter through B, will ensure our holding the card properly.

The days are increasing in length by one hour and nine minutes during the menth, being 10 hours long exactly on

#### Estabrook League Opens Headquarters In This City Today

It is announced that the Estabrook league of Nebraska will open Douglas county headquarters today in the Omaha National bank building, with Franklin Shotwell, vice president, and harry Palmer, secretary, in charge. Jesse V. Craig, president of the league, has moved himself and the state headquarters to Lincoln, where he will hold forth in the Lindel hotel. Secretary Palmer lets the public in on

the big things in prospect thus: "We are going to carry on a vigorou speaking campaign in Douglas county. The speakers will be largely old time personal friends of Mr. Estabreck who have volunteered to have a part in the primary fight,"

As proof of its activity, the Estabrook league of Nebraska has gotten out a nning and costly prospectus, the title page having a crest of two clasped hands n which the American eagle in gold is perched, holding in its beak a band with the words "In Union is Strength." The clasped hands, it is explained, signify union of the interests of east and west in Mr. Estabrook. On the side margins are clusters of corn. On the back page is a busy harvesting scene in a western wheat field and the motto Peace by Protection, Prosperity and

#### MANY PIONEERS ATTEND **FUNERAL OF HENRY SPIGLE**

Many old time friends were present a the funeral services of Henry Spigle, pioneer retired furniture man, which were of his son-in-law, Barney marris, 511 South Thirty-first avenue. The floral offerings were numerous. Rabbi Cohn of Temple Israel officieted and interment was in Pleasant Hill cemetery. The pallbearers were: A. Levy S. Finkenstein Julius Spigle.

# MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of e curable derangement.

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter: —
Worcester, Mass. —"I suffered from

female il's, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has

that I am now well and have a baby boy who is the picture of health, and l thank the Vegetable

Compound for my restoration to health." -Mrs. BERT GARVEY, 20 Hacker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

## GAYETY IS THERE WITH HITS OF YEAR

Maids of America Simply Sweep Away Audience at Popular Burlesque House.

MANY NEW FEATURES IN SHOW

A real treat, a genuine recordbreaker, is the attraction at the Gayety for this week. It is an unusual treat for the patrons, of whom Joe Ward. Arthur Brooks and Harry there was a big houseful last night Lang, is another big hit of the show. They for the first performance; and it is sing a generous program of much-apa sure-enough record-breaker in the way of laughs scored and song hits registered. There is nothing slow to the delight of the crowd. A song or draggy about the "Maids of which individual choristers "show off" is America." They are one of the liveliest choruses of the season, with real burlesque dash and "pep."

The production offers a number of novelties; in fact, variety is one of its earmarks. The costuming is brilliant, and the settings, especially that of the passage, and setting of the sun and second act, win a big hand for beauty The company is larger and stronger than ordinary, and with plenty of splendid solo voices and clever dancers.

> Two Popular Comedians. But the main feature of the show, the paramount reason for its emphasized popularity and undeniable worth, is the headline, co-star team, Al K. Hall and formance.

Don Barclay. Gayety patrons last season found these two skilled comedians among the best on the circuit, when each headen a company of his own and each was a veritable widriwind of continuous laughter. Their appearance together indicates the policy of the circuit's management in constantly improving the shows Both are eccentric and talented funsters, but each is entirely unique and individual in his style and methods. Working separately or together, as the case may be, they produce a spontaneous, continuous and side-bursting assortment of convulsive entertainment.

#### Songsters Are Strong

A pleasing male quartet, Ed Weldon, plauded songs, including a new peace song. While the lights were out for some time last night, they held the staranother much approved number.

Barney Norton and Ruth Noble score heavily with methdies and graceful fances, one of the latter being finished successfully last night in spite of a dark stage, due to the electric power trouble. Elsa Bostel, Mae Mack and Carrie Cooper have delightful voices and win much praise in their solos. The frequent interpolations of funny "business" by Barciay and Hall get such Insistent applause that the show is noticeably lengthened by the repeated encores necessary.

Manager Johnson is fumigating thorcughly every night, and the theater is as fresh and sweet as can be for every per-

## Box Office Receipts Of Keller Lectures Attached in Court

Box office receipts of Miss Helen Keller's lecture at the Boyd theater yeserday afternoon and last night were atached in district court late in the day by Frederick M. Withey, former booking agent for the famous blind and deaf girl, who sued her for \$15,900 damages.

ing that he should be booking agent during 1914 and 1915, receiving a percentage of recently, was broken by Miss Koller, He asks \$15,000 damages.

The Teachers' Annuity and Aid association, under whose auspices Miss Keller lectured, also was made a defendant in the attachment proceedings.

#### ROBBER LOCKS BOOKKEEPER IN ROOM AND STEALS CASH

After tying the hands and feet of Fin-Howell Coal company office at 212 South Thirteenth street, a bandit of unusual muscular development picked him up and carried him to a back room, where he ocked him in, at 4:30 o'clock yesterday

He then turned his attention to the cash register, which he despoiled of \$34. Several hours later, other employes heard Heston call for help and they came

## "Tiz" for Tired and Sore Feet

Use "Tiz" for puffed-up, burning, aching, calloused feet and corns.

Why go limping around with aching, outfed-up feet-feet so tired, chafed, sore gent for the famous blind and deaf girl, and swellen you can hardly get your shoes on or off? Why don't you get a Withey alleged that a contract providnow and gladden your tortured feet?

"Tix" makes your feet glow with cer fort; takes down awellings and draws soreness and misery right out of feet that chafe, smart and burn. instantly stops pains in corns, callouses and bunions. "Tis" is glorious for tired. aching, sore feet. No more shoe tightness-no more foot torture.-Adver

# In consequence of the Extraordinary Success

of the New "Handy Volume" issue of

## The Encyclopaedia Britannica

which we are offering on the payment of \$1.00 down and small monthly payments

we are obliged to give the following

## Notice to the Public

E shall be able to make prompt delivery of sets of our new "Handy Volume" issue of the Encyclopaedia Britannica for only a short time longer. The demand has been so enormous as to exceed all calculations.

We are making deliveries from our warehouses in different cities over the country. But the stocks on hand are being rapidly exhausted, and we must beg the indulgence of our customers if they find their orders delayed,

We began advertising the remarkable offer which we are making on this new issue of the Encyclopaedia Britannica between the 10th and 14th of the month, and within a week the orders were almost 700 per day, and by the time this notice can be printed, will probably be 1,000 per day.

Packing and delivering a thousand sets a day of a 29-volume encylopaedia, every volume of which must be packed so as to come to the purchaser in perfect condition, is in itself a task of some magnitude. But a much more serious matter is that these shipments will very rapidly exhaust our stock of the bound sets.

Rush orders were immediately placed with the binders to push deliveries at all possible speed, working night and day shifts.

#### We Had 50,000 Sets Ready

After we had made arrangements for this remarkable sale, we did not begin advertising until the publishers had on hand 50,000 sets printed on India paper. The whole success of the "Handy Volume" issue depended upon the fact that it was printed upon the light India paper, which makes the volumes so easy to hold and read. But the printing upon this paper must be done with especial care.

Even this enormous printing can last us for only a short time, and we have already arranged with the publishers for the printing of another 50,000 sets, making a total of 100,000 sets, or 2,900,000 volumes averaging more than 1,000 pages each.

These are, we believe, the largest single orders for printing ever made. They alone make it possible to furnish our customers with the complete new Eleventh Edition of the Encyclopaedia Brittannica

printed on the same lovely India paper as the highpriced Cambridge University issue at one-third the cost of the higher priced issue.

We undertook the sale of the new "Handy Volume" issue because we are are always seeking real bargains to offer our customers; something of superlative quality; something that everyone needs; something that lends itself to economical manufacture in large quantities; something that reflects lasting credit upon our institution and means permanent satisfaction to our customers; something that can be sold at a price that, considered with its known quality, will instantly identify it as a BARGAIN.

For this reason, we arranged with the publishers to sell this issue on the narrowest margin of profit. both to themselves and to us, and to offer the complete work, the entire 29 volumes, unabridged and unchanged, for a first payment of a single dollar.

We put behind every order our absolute guarantee that this is the complete, authorized, unabridged Eleventh Edition of the Encyclopaedia Britannica, which cost more than a million and a half dollars for its editorial preparation alone.

And we further guarantee that any subscriber who is not completely satisfied with his purchase when he receives the volumes, may send them back to us, at our expense, and we will return the dollarhe has paid. Your entire risk is limited to two two-cent stamps.

In other words, we take all the risk and you

### The Result of This Offer

The new printing of this issue cannot possibly be ready before the first of June. If, therefore, you wish to make sure of the delivery of your set before that time, your order must be sent at once.

Deliveries will be made in the order they are received, but we should be extremely obliged to any subscribers who do not require immediate delivery if they would so mark their orders.

If you have not a regular order form already, simply send us your address with one dollar enclosed and a set will be reserved for you, and delivered to you at the earliest possible moment.

## SEARS, ROEBUCK AND Co., Chicago

Sole Distributors

NOTE: This announcement is written subsequently to the sending out of a large number of advertisements to the newspapers of the country, and now too late to recall. We wish so far as possible to forestall all disappointment which might be occasioned by delayed orders, If possible, write us today,
